

PPD/MPR Players History Average List to form teams for 2026-2027 Season

The following pages contain the PPD/MPR's history combined average for everyone that has played for BMW Billiards from last season through this summers season. The list is alphabetical by last name.

If you did not play last season, but have played in previous years, please contact the league office for your history average.

If your name is not on this list, but you have an average from another league or casual play with Bullshooter stats, you must report that average. Failure to report an existing average could result in your expulsion from the league.

This list was compiled on 7/11/26. New summer players if your reported average is different the end of summer average call the league office for correct average to use.

If you are a new player with no history average anywhere your beginning average to determine your teams PPD/MPR value will be 17.00 PPD/1.70 MPR for MEN and a 14.00 PPD/1.40 MPR for WOMEN.

The league office will assign PPD/MPR values in the following situations:

1) Players of "known ability", 2) Any steel tip throwers.

When forming a team, no player on the team can have a personal PPD that is more then 2.00 above the cap limit for the leagues that are 19.50 and lower. No player on a team can have a personal PPD that is more then 3.00 above the cap limit for leagues that are in the range of 19.55 thru 22.50. (Example: In a 18.50 cap league no player can be above a 20.50 PPD or in a 20.00 cap league no player can be above a 23.00 PPD.) There is no restrictions on a players personal PPD for leagues that are higher than 22.55.

To calculate you teams PPD/MPR value take the 4 people on the team and add their PPD/MPR together and then divide by 4. If you have more then 4 regular players on your team, then take the 4 highest individual PPD/MPR's to calculate team PPD/MPR value.

On a doubles team divide team total by 2. And on the Triples league divide team total by 3.

It is the teams responsibility to make sure their team and all players are legal for the league in which they want to play. Any regular player can report an illegal team or player. Once the office is made aware of the illegal team/player, the team will be subject to forfeiting all games won when the illegal player participated.

Sub rule:

If a player has an average of 0.00—19.99 can add 2.00 PPD/.40 MPR to average to find a sub.

If a players has an average of 20.00 and above—sub must be of same average or lower.

And if league has a cap, a sub can not be above the league capped limit. Example Wednesday 25.00 league, a sub can not be above a 25.00 average. There are no restrictions on subs for the Masters league (except position and playoff nights).

If you have any questions call Judy Mehle —cell #970-391-7664.
