VNEA Sanction fee: \$25 if paid on or before wk #1 of fall/winter season sanction/exhibition night. If paid sanction in summer, do not need to pay again.

Any player CSR 1700 or higher must be submitted on original roster. (Exception Wed "Open" FTCL & Greeley & Thurs FTCL Pinnacle)
Cannot add player with CSR 1700 or higher to rosters after 8/27/26

Leagues approx. 26 weeks. In all leagues # of divisions based on # of teams. **Handicap: Based on CSR values**

Handicap change this season: 5-player teams are capped at 10 per round; 4-player teams are capped at 8.

New players without an a CSR will start at the league's average CSR and be adjusted weekly as their baseline is established. If a new player exceeds 1700 once they reach a 3-star value, they may not be allowed to play at the same time as a rostered 1700 player, depending on league. Players without an established CSR but with an alternate ranking must consult the league office for a proper conversion. Players of known ability who lack both an established CSR and an alternate rating may be assigned a CSR range. If a player with an established CSR rises above the league limit during the season, they may finish the season with their team. Having a legal CSR at registration does not guarantee division placement; teams may be moved up or down if multiple divisions are offered on same night. Players near CSR limits may be allowed to play based on prior history.
